

1. Single measured trace

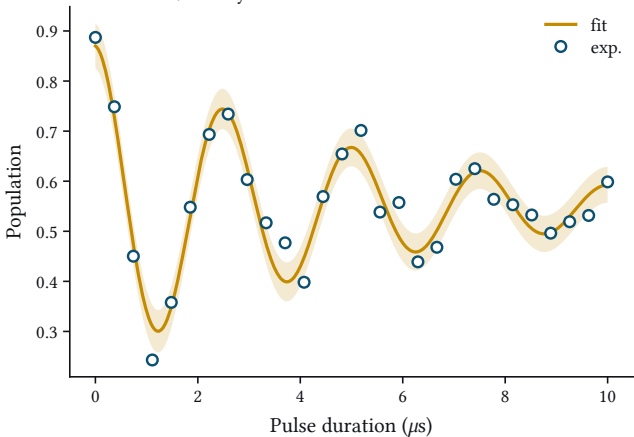

2. Scatter / point plot

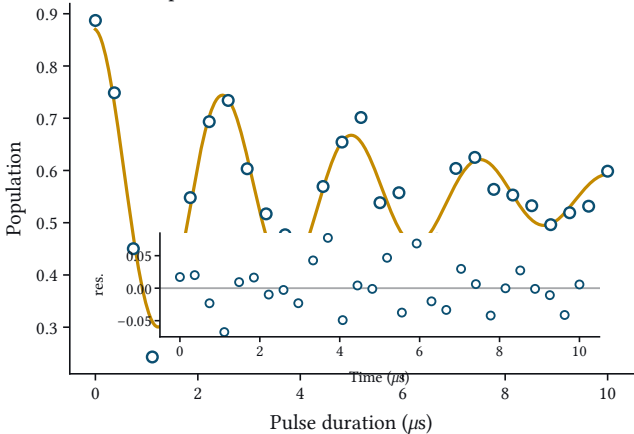

3. Data with error bars

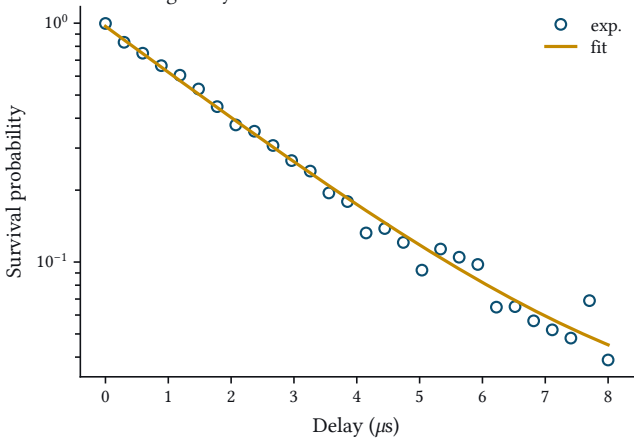

4. Data + fit / theory

5. Residual plot

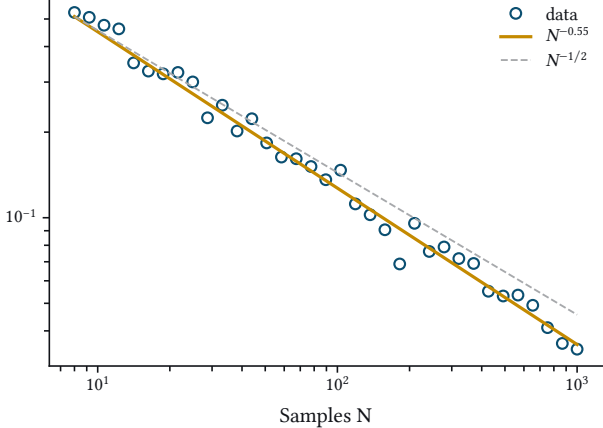

6. Semi-log decay

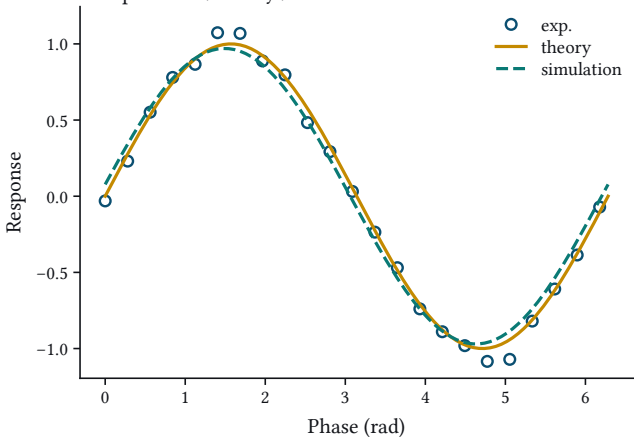

7. Log-log scaling

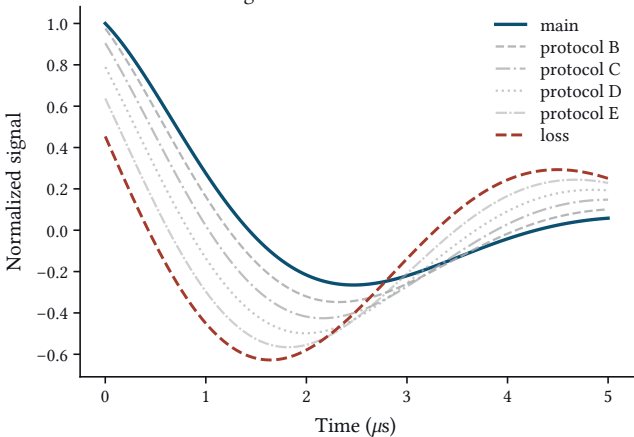

Error

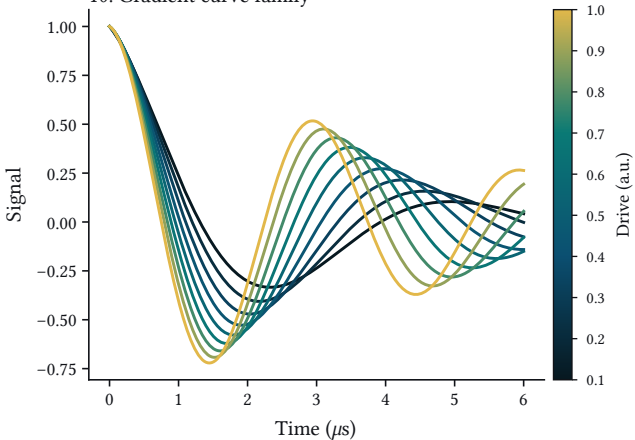

8. Experiment / theory / simulation

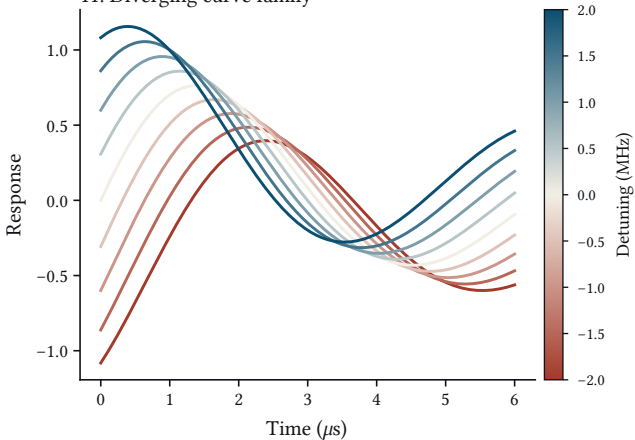

9. Multi-curve categorical

10. Gradient curve family

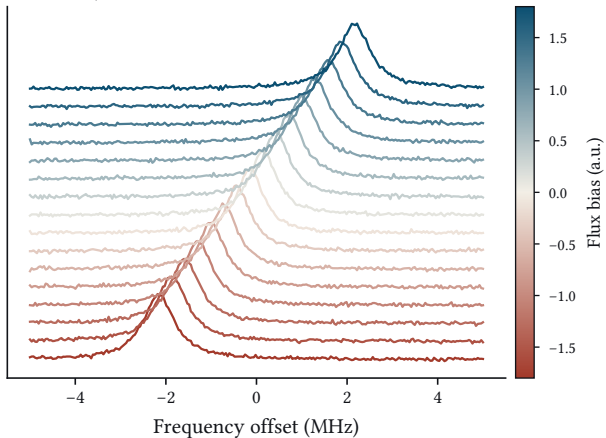

11. Diverging curve family

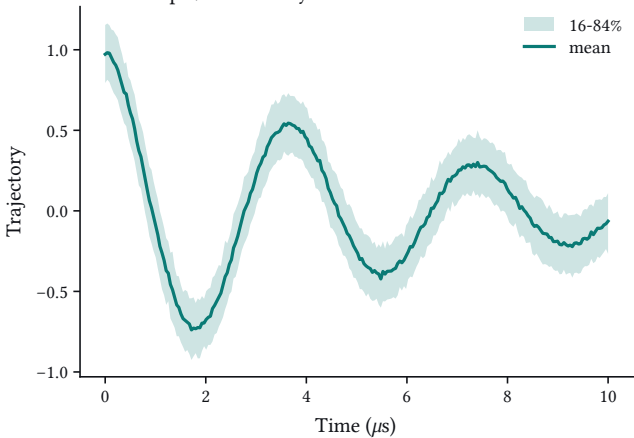

12. Offset / waterfall

Offset spectra

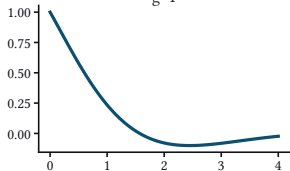

13. Envelope / uncertainty band

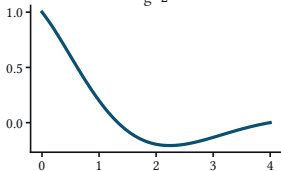

14. Small multiples

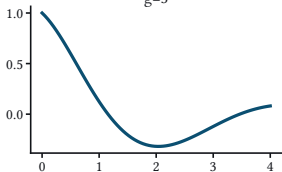

$g=1$

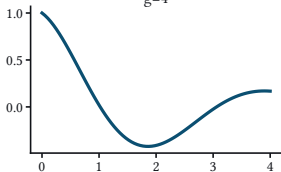

$g=2$

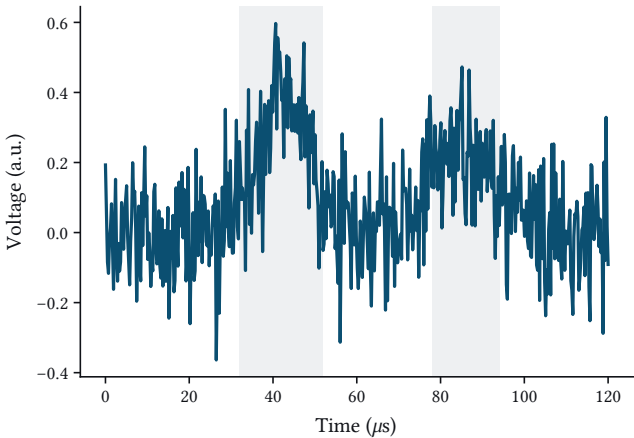

$g=3$

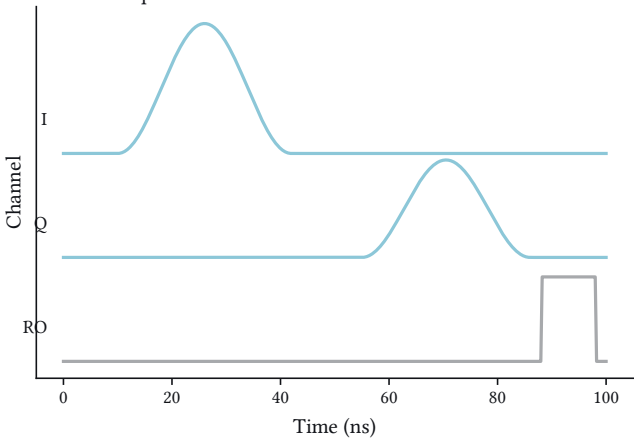

$g=4$

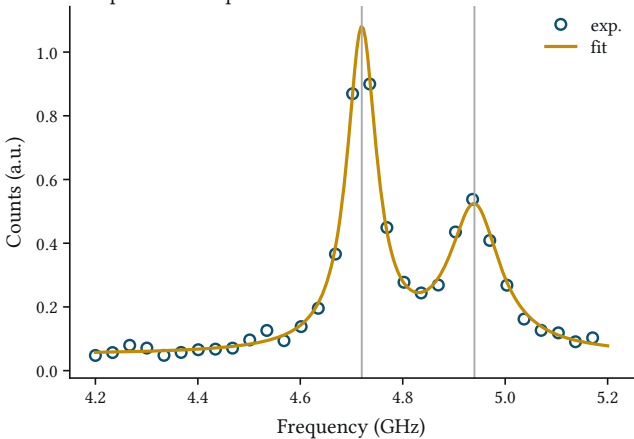

15. Time trace

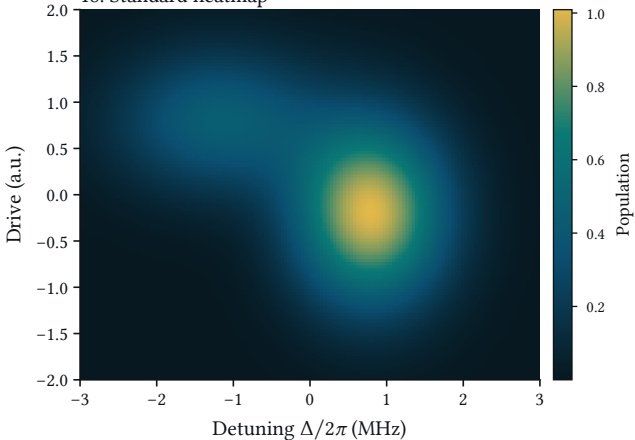

16. Pulse sequence

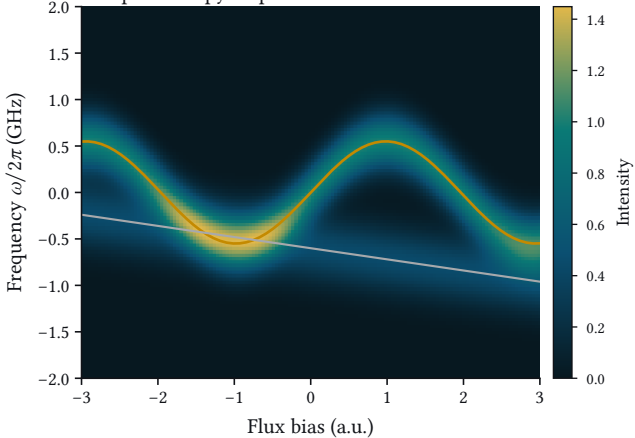

17. Spectrum line plot

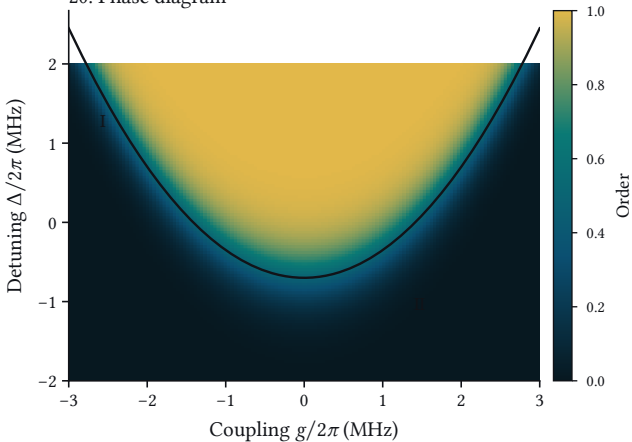

18. Standard heatmap

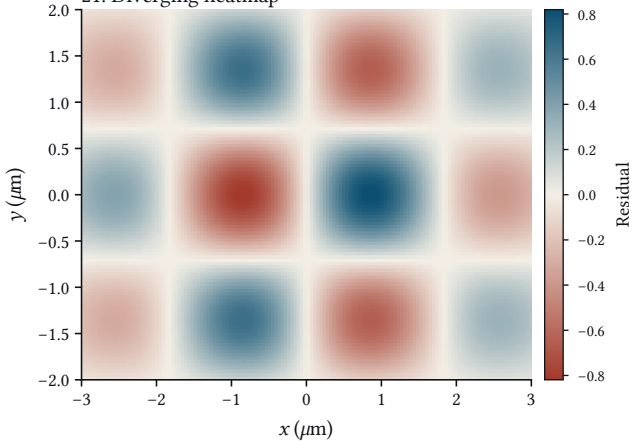

19. Spectroscopy map

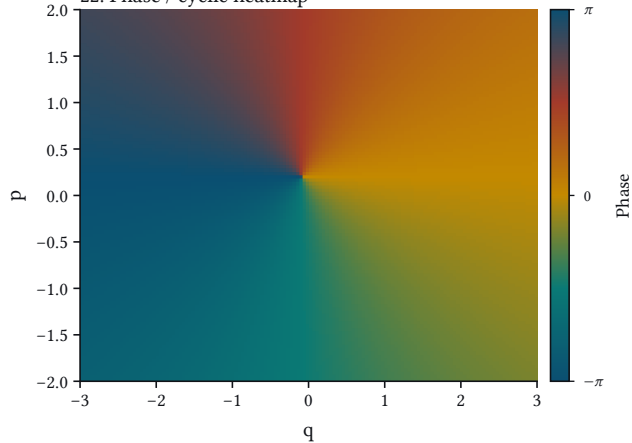

20. Phase diagram

21. Diverging heatmap

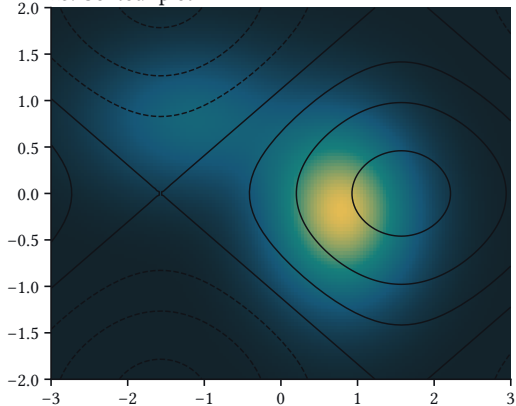

22. Phase / cyclic heatmap

23. Contour plot

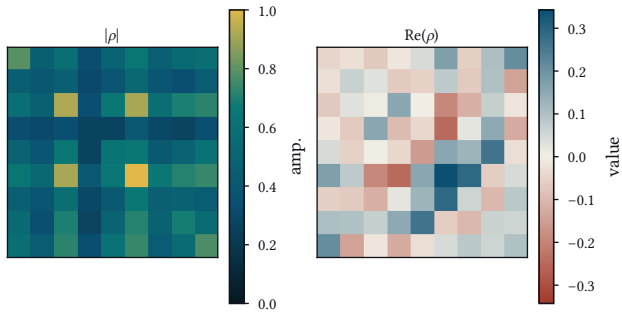

y

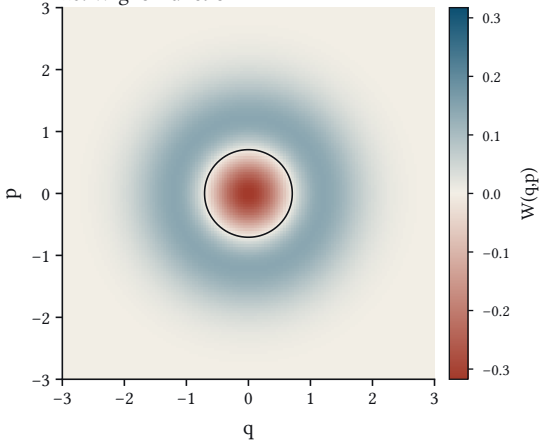

x

Signal

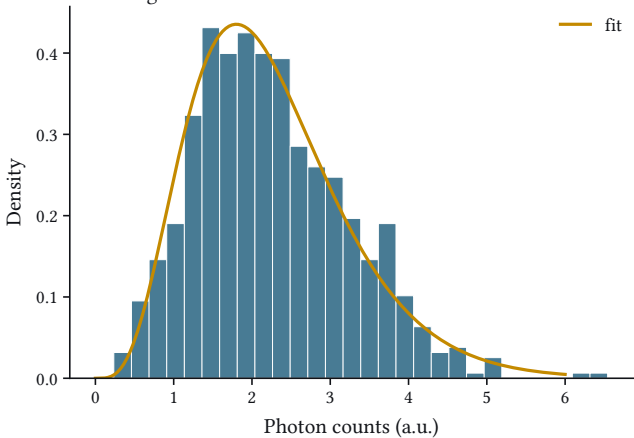

24. Matrix heatmap

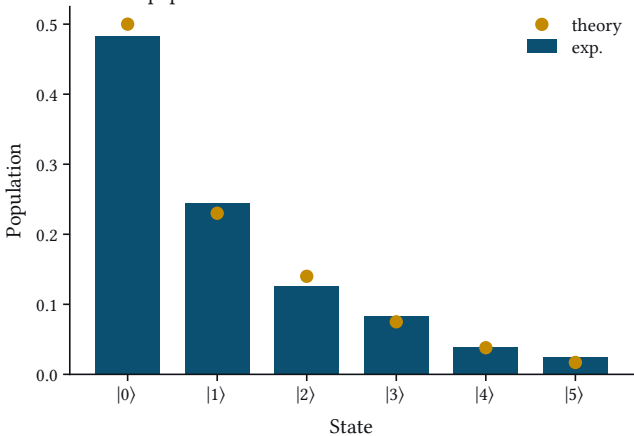

25. Wigner function

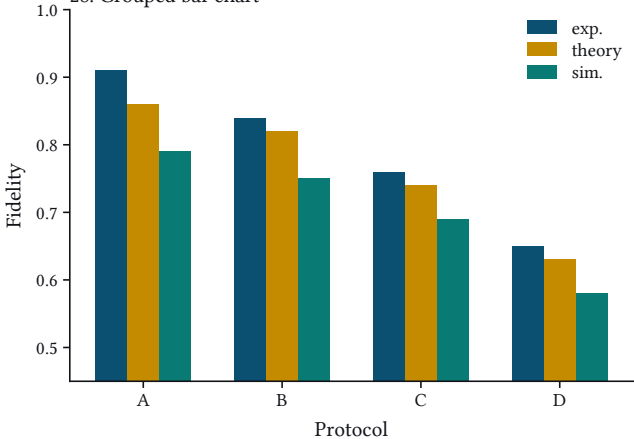

26. Histogram

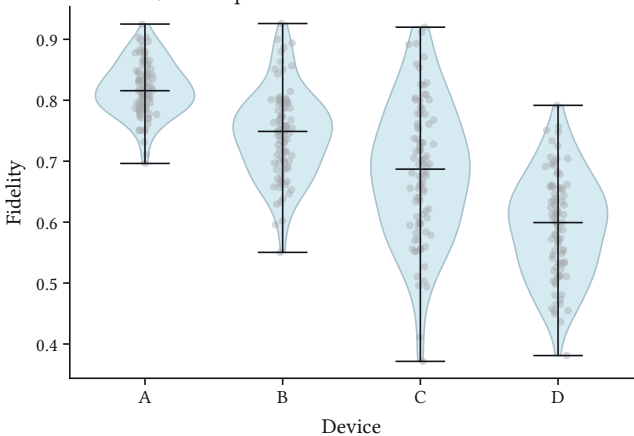

27. State population bars

28. Grouped bar chart

29. Violin / swarm plot

30. Bloch sphere / state path
